Applicant's Justification
The applicant is requesting a master plan amendment from Mid-Intensity Suburban Neighborhood (MN) to Compact Neighborhood (CN). The applicant is also requesting a zone change on these parcels from RS20 (Residential Single Family 20) to RS2 (Residential Single-Family 2). This zone change requires a Master Plan Amendment to the Compact Neighborhood land use category. According to the applicant, this request aims to enhance compatibility with adjacent properties. Furthermore, the request complies with Goal 1.1 which provides opportunities for diverse housing options to meet the needs of residents of all ages, income levels, and abilities.

STANDARDS FOR ADOPTION:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies;

2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Mid-Intensity Suburban Neighborhood (MN) (up to 8 du/ac) to Compact Neighborhood (CN) (up to 18 du/ac). Intended primary land uses in the proposed Compact Neighborhood (CN) land use designation include single-family attached and detached homes, duplexes, triplexes, fourplexes, and townhomes. Supporting land uses include accessory dwelling units, multiple family dwellings, and neighborhood serving public facilities such as parks, trails, open space, places of assembly, schools, libraries, and other complementary uses.

Staff finds the request for the Compact Neighborhood (CN) land use category appropriate for this location. The area has seen an increase in density beyond what is allowed for Mid-Intensity Suburban Neighborhood (MN). The request complies with Policy 6.1.4 of the Master Plan which encourages compact and efficient development patterns within the disposal boundary to maximize the use of available infrastructure, land, and other resources while considering community compatibility. For these reasons, staff finds the request for the Compact Neighborhood (CN) category appropriate.

Staff Recommendation
Adopt and direct the Chair to sign a resolution adopting the amendment. This item has been forwarded to the Board of County Commissioners for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
